The Code of Conduct presents broad guidance and recommendations to advance flight safety and responsible airmanship in the GA community. The Code of Conduct presents a vision of excellence in light sport aviation within its seven sections: (1) General Responsibilities of Aviators; (2) Passengers and People on the Surface; (3) Training and Proficiency; (4) Security; (5) Environmental Issues; (6) Use of Technology; and (7) Advancement and Promotion of GA. The Code of Conduct is a "living document," periodically updated to reflect changes in aviation practices and the aviation environment. Its *Commentary*, available at <<http://www.secureav.com/Commentary-Index.pdf>>, addresses selected issues within the Code of Conduct to provide interpretive guidance and suggest effective ways to adopt it.

The Code of Conduct, together with supporting materials, is available as a free public service to the GA community at <<http://www.secureav.com>>. The Code of Conduct's Permanent Editorial Board is presented at <<http://www.secureav.com/PEB.pdf>>. For more information about the Code of Conduct, contact <PEB@secureav.com>.
