

THE PERMANENT EDITORIAL BOARD

The Permanent Editorial Board (PEB) provides editorial oversight and stewardship of the *Aviators Model Code of Conduct* (Code of Conduct), various implementations of the Code of Conduct, and supporting materials, available at www.secureav.com. The Code of Conduct provides tools advancing aviation safety and citizenship.

The Code of Conduct is a living document intended to be updated periodically to reflect changes in aviation practices and the aviation environment. “Organizationally neutral,” the Code of Conduct is neither owned nor controlled by any particular aviation organization. This neutrality both advances its acceptability and ensures that the viewpoints of diverse organizations are considered. Indeed, such neutrality and objectivity have been essential to the success of the project and must be continually fostered to ensure their value to the broadest reaches of the GA community.

A formal editorial body oversees and provides balance to ongoing revisions and new content. The Agreement presenting the PEB’s responsibilities is available at http://secureav.com/PEB_agreement.pdf. The following group of experts from the aviation community volunteers to serve as the PEB.
