SECUREAV RELEASES HEBREW TRANSLATION OF THE AVIATORS' MODEL CODE OF CONDUCT

November **2006** – SecureAv, a California organization, announces the release and immediate availability of a Hebrew translation of the *Aviators' Model Code of Conduct* (AMCC). Spearheaded by Zur Banner, CFI and Editor-in-Chief of *Downwind*—an Israeli aviation magazine, the Hebrew translation presents broad guidance and recommendations to advance flight safety and responsible airmanship for the Israeli general aviation (GA) community and Hebrew-speaking GA pilots worldwide. “The AMCC will become core guidance for Israeli pilots, enhancing both safety and courtesy among aviators. *Downwind* magazine, as one of the Israeli aviation community's principal members, is proud to bring this important Code to GA of the holy land,” said Banner. Editorial assistance was provided by Ofir Baharav, Yaron Efrat, Nimrod Goor, and Menahem “Hemi” Shmul. The AMCC Hebrew translation is available at: <www.aopa-israel.org.il>, <<http://www.downwind.co.il>>, and at <www.secureav.com/AMCC-Listings-Page.html>.

The AMCC was created to assist pilots throughout the world. Chinese, Danish, French and Spanish versions have already been released. The AMCC presents a vision of excellence in GA within its seven sections: (1) General Responsibilities of Aviators; (2) Passengers and People on the Surface; (3) Training and Proficiency; (4) Security; (5) Environmental Issues; (6) Use of Technology; and (7) Advancement and Promotion of General Aviation. The AMCC is a “living document,” periodically updated to reflect changes in aviation practices and the aviation environment. Its *Commentary*, available at <<http://www.secureav.com/Commentary-Index.pdf>>, addresses selected issues within the AMCC to provide interpretive guidance and suggest effective ways to adopt the AMCC.

The AMCC, together with supporting materials, is available as a free public service to the aviation community at <<http://www.secureav.com>>. The Code of Conduct's Permanent Editorial Board is presented at <<http://www.secureav.com/PEB.pdf>>. For more information about the Code of Conduct, contact <PEB@secureav.com>.
